MARILYN MASON has been a member of the faculty of the
University of Michigan since 1947. Previously, she
had studied there with the late Palmer Christian
who wrote, "Marilyn Mason is destined to become one
of the outstanding organists of this generation."
She also studied with Nadia Boulanger and Maurice
Duruflé in Paris.

Miss Mason's repertoire is all-inclusive. She has a
special interest in contemporary works, and has been
praised for her interpretations of unusual clarity
and discernment.

THE NEW ORGAN was built by M. P. Möller, Inc. of Hagers-
town, Md. Because of its size, variety of tone, and
the happy combination of the best in both the class-
ical and romantic concepts of the art of organ
building, it is considered an outstanding instrument.

YOUR COOPERATION is requested in maintaining complete
silence in the Church. Let us refrain from applause
to assure a spirit of reverence in this House of
God.
